Q#1

Importance of zakat in the light of Quran :-

“And establish regular salah and regular zakat”

In the light of Hadith:-

“The nation that doesn't give zakat Allah will bring drought on them”

Role of Zakat :-

In Society, the poorer can live a good life with basic needs by getting zakat and it can also stop the crimes and robbery in the society, so that everyone can live in harmony.

The donor of zakat will be safe from the punishment of hell

(2)

The donor of zakat will be protected from calamities. There will be Increase and prosperous in the wealth of donor. Allah will also forgive the sins of the donor.

On concluding, Zakat is an important part in the Islam. Through zakat, the poorer, needy, orphans, captives slaves are being cared which help the society to grow in harmony and it also have significant benefits on donor of zakat.

Q # 3

Key factor of Nisab-e-Zakat:-

- Nisab is basically the minimum amount of zakat, the person have on the completion of one lunar year.
- It is the wealth that is fully owned by him.

(3)

- It should be productive ~~wealth~~ wealth from which he can build again. and have benefits / profits.
- Zakat is not obligatory on the household items
- Zakat is given on gold, silver, trade goods, cash (to silver)

Lunar Year :-

The meaning of passing a lunar year means that if a person has the nisab on which zakat is mandatory and he possesses that until the one lunar year is passed, such that zakat becomes obligatory on the person.

Q # 4

(a)

Answer: If a person has mistakenly given his zakat to a rich person but although he has the intention "نِيَّة" of zakat

(4)

then he should not repay it.

(b)

Answer: A person can not give zakat to his/her spouse because she/he is the mahram and in nikah of that person.

(c)

Answer: A person can not give zakat to his grandson or granddaughter.

Q#2

~~(a) Zakat = ^{No zakat} $6.5 \times 95000 = 617500$~~

(b) Zakat = $(2.5 + 15 + 20000) \times 850 = 170148175$
 $170148175 \times 2.5\% = 425371$

(a) No Zakat should be given.

(c) No zakat should be given because amount of gold and silver is not on level of nisab

(c) $(1.5 + 10) \times 850 = 9775 \times 2.5\%$
 $= 244.375$

⑤

$$\begin{aligned} \text{(d) Zakat} &= (10 + 35000) \times 850 \\ &= 29758500 \times 2.5 \\ &= 7439625 \end{aligned}$$

(d) No Zakat is given, amount low

(e) No Zakat is given, amount low
