**Demonstration/ Information Speech**

**Lab Activities**

1. For recapitulation of the topic students will be asked to discuss the major components of Demonstration Speech. For presenting a sample on Demonstrative Speech, a video of 11 minutes will be displayed to the students. The title of the video is Wave machine Demonstration
(link of the video:https://youtu.be/VE520z_ugcU)

2. During the next 2 hours you will be presenting a demonstrative speech to your class. The purpose of this type of speech is to demonstrate your audience how to do something.  Your speech should be between 5-7 minutes and a use of a visual aid is required. You can use a visual aid in the form of a poster, a graph or a flow diagram. Your speech should have an introduction, a body and a conclusion. In the introduction be sure that your topic should relate your topic to your audience. The body should include at least three main points (steps of what are you demonstrating). The conclusion should summarize the main points and leave your audience with something interesting to think about.

3.  This activity may be administered in pair or trio. You have 15 minutes for preparation.
